## Digital Media Player

### SSI-D510MO

The SSI-D510MO is the next generation entry level Mini-ITX SherPlayer. It is small enough to install behind most LCD and Plasma screens, yet still powerful enough to display high resolution images on large panel displays. Powered with an Intel Embedded D510 Atom Dual Core Processor, it also offers up to 4GB DDR2 RAM, 4 USB2.0 ports, a VGA video output, and built-in wireless LAN, and 1 RS232 ports.

SherPlayer  
SSI-D510MO

The SSI-D510MO is the perfect entry level media player for Digital Signage and Kiosks.

- Ultra Quiet—Fanless
- 100% Intel MB / CPU
- Low Voltage / Low Heat
- 1-RS232 Serial Port
- Mini-ITX Form Factor
